American Academy of Pediatrics
DEDICATED TO THE HEALTH OF ALL CHILDREN™

What to expect when you attend USPS 2012 – Building Your Pediatric Practice: Tools of the Trade

The course reviews the most recent and scientific advances in pediatric medicine and their application to clinical practice. Key topics are covered by recognized experts in a variety of areas specifically designed to update today's health professional providing care to infants, children, adolescents, and young adults, with information included for those deployed in operational and humanitarian environments. The course combines lectures, question-and-answer sessions, research presentations, and small interactive group sessions to allow course participants the opportunity to interact with distinguished faculty.

Upon completion of USPS 2012, you (the learner) should be able to:

- Apply knowledge gained in a broad range of general pediatric and subspecialty areas
- Incorporate current and active areas of research that will have an impact on your practice
- Implement changes in practice to better advocate for medical issues unique to military families
- Promote knowledge of primary prevention in pediatric practice
- Use new insights gained to advance your military and academic career

You should attend USPS 2012 if you are:

- A pediatrician, family physician, or pediatric/family nurse practitioner on active duty in the uniformed services, in the military reserves, in training, or retired from military service
- Any pediatrician, family physician, or pediatric/family nurse practitioner interested in updating your knowledge and skills in the care of infants, children, adolescents, and young adults
- A pediatric nurse practitioner, civilian pediatrician, or family physician in the Seattle, Washington area

Disclosure of Financial Relationships and Resolution of Conflicts of Interest

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual's confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve "off-label" use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of this CME activity does not necessarily reflect the view or policies of the AAP.

Faculty and Schedule Changes

Faculty and schedule information included in this catalogue is accurate as of December, 2011. Faculty and schedules are subject to change to accommodate emergent situations.

Special group rates beginning at the prevailing government per diem rate for 2012 have been negotiated at the Renaissance Seattle Hotel for a percentage of the USPS room block. Rooms are available at this rate on a first-come, first-served basis. The 2012 government per diem rate is \$137 per night, plus tax, for single or double occupancy. The remainder of the USPS room block has been reserved at negotiated rates (\$145 per night plus tax) that represent substantial savings from published rates. **The cutoff date for reservations at the per diem rate or regular group rate is February 10, 2012. Call the hotel directly to make your reservations. Please be aware that the room block may be filled prior to February 10, 2012; in such a case, neither the group rate nor guest room availability can be guaranteed. The AAP, therefore, recommends that you make your reservations as early as possible.**

★ SEATTLE, WASHINGTON ★

Seattle, “The Emerald City,” is one of the most livable cities in the world. Surrounded by lakes, rivers, Puget Sound, and mountains, the area is a recreation enthusiast’s dream. You can’t visit Seattle without checking out the view from the world-famous Space Needle. A 41-second elevator ride takes you up 520 feet to the observation deck. There you can enjoy a meal at SkyCity, the restaurant at the top that revolves 360° while you dine. Seattle’s Pike Place Market, established in 1907, is the granddaddy of farmers’ markets. Today, it’s a major tourist attraction with 200 businesses operating year-round, 190 craftspeople, and 120 farmers’ booths, as well as street performers and musicians. You’ll want to travel by ferry to some of the Puget Sound’s most historic and scenic sites. Views of the Olympic and Cascade Mountains, the Seattle cityscape, and the green shorelines will draw you out onto the deck to feel the salt breeze on your face. Families can easily spend an entire day at the Seattle Center, a 74-acre urban park. There are thrilling rides for the whole family and excellent art and culture experiences for children. For much more information about the area, go to www.visitseattle.org.
